## NEW—SPIDERY AND FEATHER VARIETIES

### Order For Spring 1948

These are new and extremely fascinating varieties, because of the wide range of color tones and tints. There are striking varieties with long tubular petals widening at tips, curling ribbon-like and thread-like forms, which are beautiful to behold. You can grow them in your Gardens and you will be more than pleased with them.

#### Prices On 2¼ inch Potted Stock (Unless otherwise Quoted)

Each .....	\$ .75
Three of any One Variety .....	\$1.95
Six of any One Variety .....	\$3.60

- ALICE TASHMIA.** Beautiful white flowering spider variety. Tall grower reaches maturity about Oct. 15-20th.
- ANTIONETTE BUSH.** Very large spider type. Long tubular petals with fishhook tips cascading from a very full centre. Very beautiful.
- BESS WITT.** Very pleasing combination of apricot bronze and salmon pink. Grows to medium height and matures about Oct. 15th.
- BAMBU.** Large tubular orchid-lavender petals with hooked tips. A wonderful cut flower variety, good stems and dark green foliage.
- BUTTERFLY.** Excellent bright yellow spider variety, medium size tubular petals which are long and graceful. Matures about Oct. 25th.
- CATALINA.** A very attractive shade of orchid-pink with slender petals hooked at the tips. Full centered flower in bloom about Nov. 1st.  
\$1.00 each                      three for \$2.75
- GOLDEN WONDER.** Very aptly named as it is really a golden wonder. Its color is a lively, brilliant yellow. Petals are slender and tubular with slightly upturned fishhook tips. Unusually deep full centre.
- KAY TASHMIA.** Extremely large pure white. Large tubular petals with fishhooked tips. Petals falling from a very full deep centre.
- MAJOR GREEN.** One of the two distinctly Chartreuse green flowers of true spidery type. This variety should not be grown outside in warm southern states, unless flowers are protected from strong sunshine.

Price \$1.00 each;                      3 for \$2.75

**MAMORU.** A very dark orange shading into bronze toward the centre. Good cut flower with good keeping qualities and lovely foliage.

**MITSUKE.** Very beautiful large flowering spidery type blooms. Tubular petals of a French-gray tipped with lavender.

Price \$1.25 each

**PEGGY ANN HOOVER.** Light pink with straight medium tubular petals. Matures about the 25th of October.

**PUNCH BOWL.** Rich burgundy red spidery type with tubular petals falling from a deep full centre. Tips of the petals are slightly hooked and tightly curled. Matures about Nov. 1st.

Price each \$1.00

**SAN GABRIEL.** Splendid yellow flower of deep yellow in color with tubular petals and tightly curled. Matures about Oct. 30th.

Price \$1.00 each

**SOUVENIR.** Light salmon pink tall growing variety with long tubular petals. One of the most attractive of the Spider varieties.

Price \$1.00 each; 3 for \$2.75; 12 for \$10.00

**SYLVIA.** Deep solid pink with trace of delicate lavender. Large tubular petals falling from a very full centre. Tips of petals are hooked showing a trace of bright red within. Matures about Oct. 26th.

**UTAH.** Very large clear white spidery type. Medium tubes with hooked tips. Stiff stems and attractive foliage. Matures about Nov. 5th.

## LARGE FLOWERING VARIETIES

Order Now For Spring 1948 Delivery

Prices on 2¼ inch Potted Stock

(Unless otherwise Quoted)

Each .....	\$ .75
Three of any One Variety .....	\$1.95
Six of any One Variety .....	\$3.60

**APRICOT MAY WALLACE.** Tall pastel shade of apricot. Incurved.

**CONQUERER.** Very bright red with flowers of the semi-incurved type. Medium in height, maturing about Oct. 20 to 25th.

**DOROTHY DEE.** Large snowy white Exhibition type flower. Petals develop into perfectly globular shape. Lower petals at extreme outer row hanging gracefully.

**GWEN PATTON.** Lovely pink incurved blooms. Good keeper and matures about Oct. 30th. Each \$1.00 ; 3 for \$2.75.

**GOLD LODGE.** An early yellow decorative type recommended for pot culture. Low growing and maturing about Oct. 10th.

**HARVEST MOON.** Bright yellow incurved blooms of enormous size if disbudded. Very strong stem. Medium grower and matures Oct. 30th.

**INDIANAPOLIS PINK.** Excellent light lavender pink with darker reverse. Fully incurved with blooms on strong stiff stems. Matures Nov. 1.

**MAJOR EDW. E. BOWES.** Bright rosy pink. Medium sized flowers of compact shape. Matures about Oct. 15th. Blooms much large if disbudded.

**ROSABELLA.** Very excellent early pink incurved flower. Blooming late in October and holding far into November. Vigorous foliage.

**SILVER SHEEN.** A very attractive and beautiful sating white incurved. A very excellent keeper.

**WILLA TEMPLIN.** A ravishing golden bronze with large tubular petals and hooked barbed tips. Fine foliage maturing about Nov. 1st.

## NEW ANEMONE VARIETIES

**ADMIRATION.** Lavender pink with yellow cushion. Tulip shaped. Matures Oct. 25th.

**SINCERITY.** White with high rounded cushion. Grows medium in height and matures about Oct. 25th. Very attractive.
